254-Byte Nanogame by Aleksí Eben
for the 1-Block Competition at Zoo 2024

1. That xenophobic Player One shot all your friends!
2. Luckily, you defeated him, and all his three lives are gone, but he left all this garbage in your backyard
3. Bomb down the constructions left behind by Player One to land safely on this planet that is now yours
4. As a space invader, you are destined to move automatically from the left side of the screen to the right side and back, stepping down with each pass
5. Press Space to drop bombs. Aim them carefully and don't waste any!
6. Can you claim your new home, or was it all for nothing?
